

FEATHER DONATION COMMITMENT

This is your opportunity to be an integral part of a significant new build in the centre of Hastings, a permanent home for the Hawke’s Bay Museums Trust collection. Your donation will help ensure the completion of the MTG Hawke’s Bay Archive and Research Centre on the corner of Hastings St. North and Queen St. East, Hastings.

The design of the building’s facade includes a series of large decorative feathers constructed in steel. These six-metre-high panels encase the building, creating a striking landmark for the city. The panels will be engraved with the names of philanthropic supporters, like you.

The MTG Foundation is driving this community fundraising campaign. Should you wish, your donation of \$10,000 will be acknowledged on an exterior panel, with the name laser-engraved into the steel fabrication, based on the following:

1. The name can reflect individuals, couples, families, businesses, organisations or a collective/non-specific choice if you prefer a more anonymous acknowledgment.
2. The name needs to fit the character/space count in the grid below - two lines of text comprising 22 spaces each.
3. MTG Foundation reserves the right to reject inappropriate names.
4. The building is owned by Hastings District Council; names will be displayed for the life of the exterior panels (including, if reasonably practicable, any future like for like replacement of the panels).
